Makes Fastest Mile Ever Run.

Norman S. Taber in Action.

A study of Taber's Face.

Norman S. Taber, the fastest mile runner athletics have ever seen, is the new sensation of the sporting world. He beat all records, amateur and professional, at the Harvard Stadium the other day when he made a mile in 4 minutes 12 3/4 seconds. The professional record had been held by W. C. George, who made the mile in 4 minutes 13 3/4 seconds in 1909. The amateur record was held by Paul Jones, the great Cornell racer, on the Harvard Stadium track in 1913. He got over the distance in 4 minutes 14 2/8 seconds.

The 1915 Type, Ideal American Girl.

In the opinion of Count Z. P. Niko-laki, the Greek painter who was one of the jury of distinguished artists who selected Electra, Goddess of Prosperity, Miss Florence Cassasa, the winner of the nation-wide beauty competition, is the ideal type of the American girl of today. Miss Cassasa is Junoesque in stature and possesses those delightful proportions that artists seldom find. Miss Cassasa's classic features will be reproduced more than one hundred million times during the national trade building campaign which culminates in Electrical Prosperity Week, November 29 to December 4, 1915, and which will be celebrated in every city and town in the country. The movement was set in motion by the electrical interests which are members of the Society for Electrical Development. These concerns have investments of more than \$3,000,000,000 and aim to make prosperity in this age of electricity a real and abiding blessing to the nation.
